

## White Stripes, The "This Protector"

I never thought that I had to be  
This protector  
So many thoughts inside my head  
A strange collector  
But now, but now, but now  
now, now, now, now, now

You thought you heard a sound  
Theres no one else around  
Looking at the door  
It's coming through the floor

300 people living out in West Virginia  
Have no idea of all these thoughts that lie within ya  
but now, but now, but now  
now, now, now, now, now

You thought you heard a sound  
Theres no one else around  
Looking at the door  
It's coming through the floor
