she sits in the next row in english class  
i think she's got something up her ass  
and she should shave her black mustache  
she really should yeah  
she thinks she knows everything about  
giving head and there is no doubt  
that she only does it to her own  
family  
she tried to give brian head  
told him to meet her in the parking lot  
i think he'd rather be dead  
but if he were clint  
maybe not  
she's always crying and complaining  
how she hates both me and ken  
how were just little boys  
compared to her big men

b-b-beard  
she always says she drives by me  
blasting music with a ciggarete  
i think she should just shut her mouth  
'cuz i can smell her dog's dick  
she sits in the next row in english class  
i think she's got something up her ass  
and she should shave her black mustache  
she really should yeah  
where do all the bearded ladies come from nowadays  
i think they come from the planet of the apes  
a little too much mashed potatoes and gravy  
and here we have the bearded lady
