once upon a time i got really fucking drunk  
we drank all night  
we drank everywhere  
we drank on the side of the road  
we didn't care  
then i went for a ride in a friend's car  
he didn't drink so everything was alright  
until...  
the car stopped  
the engine turned  
and so did my head  
on to the seat  
i fell asleep  
i wished i was dead  
you know it really blew  
i wish it happened to you  
and then the car stopped

but not my head  
out came some vomit  
and hit the cement  
at least it didn't hit the car  
we went into a restaraunt  
they got some food  
i barfed a lot  
and got the police called on me  
i ran into  
the bathroom  
and passed out in the stall the  
cops they  
searched my friends car  
they didn't find any beer at all  
you know those fucking dicks  
they told my friend's parents  
they thought he was drunk
