Say what your meant to say  
don't hide your dreams away  
I am never falling down again  
Look what they've done to me,  
look what they've done to us  
What we'll never become,  
Is in what we should believe, should believe.

I've been trying so hard  
to get rid of my past,  
but all I get is that same old face  
And I've been trying so hard to believe in today,  
still all I get is the same yesterday.

I've been trying to find  
Where have I lost my mind?  
I always wanted to believe in  
All this fix I'm in  
Now you see what they've done to me,  
And now you see what they've done to us  
What we'll never become,  
Is in what we should believe, should believe.

I've been trying so hard  
to get rid of my past,  
but all I get is that same old face.  
And I've been trying so hard to believe in today,  
still all I get is the same yesterday.

I've been trying so hard  
to get rid of my past,  
but now I know we were built to last.  
And I've been trying so hard to believe in today  
though it feels I'm living my life on replay.
