im tired of being your yes man  
your fleeting wims that bleed my dry  
i think that theirs no fuckin way  
so how can i please you again my dear

ive had enough of being you boy toy  
the world will still revolve but not around you  
i think ill stay around, if tou dont like that then get out  
of town  
cuzz i will not please tou again my dear

every time i see your face i feel like i want to step on it  
this is for every guy and ever girl around the world  
in your life that you have hurt  
you take and do not give  
you take and do not give  
how could you leave and love me too  
you take and do not give  
you take and do not give  
you take and do not give  
you take and do not give

your egomanian has worn me out  
guess i wont be the one to cut u down to size  
i think getting on your knees would be alot better than  
pretty please  
so how will u please me again my dear

every time i see your face i feel like i want to step on it  
this is for every guy and ever girl around the world  
in your life that you have hurt  
you take and do not give  
you take and do not give  
yout bitter to  
how could you leave and love me too  
you take and do not give  
you take and do not give  
you take and do not give  
you take and do not give (bitch)
