All my hero's are on Mtv and Their on a movie screen  
and they like to eat wheaties and i dont trust the  
president and  
Hate the goverment and have been waiting  
all my life for one defining moment

tell me what to do with all this agression i feel  
cuzz suprepression just leeds to more depression and i  
dont want to be another wheel in human traffic  
i want to prove myself but im just a demografic

so tell me what to believe and i will follow  
just tell me what to think i know your always right  
dissalusionments is payback  
for never having to put up a fight

dont tell me i missed the war  
dont tell me that its all over now  
dont tell me i missed the war  
and i dont know how i got so jaded  
and i dont know why  
you know pain is so over rated  
dont tell me i missed the war

all my heros have been programmed for me  
so they could gaurontee my complatency  
and i still dont trus the government even tho they it  
pays my rent  
and im still waiting for that one defining moment

so tell me what to believe and i will follow  
just tell me what to think i know your always right  
dissalusionments is payback  
for never having to put up a fight

dont tell me i missed the war  
dont tell me that its all over now  
dont tell me i missed the war  
so please just dont tell me i missed the war  
dont tell me that its all over now  
dont tell me i missed the war

and i dont know how i got so jaded  
and i dont know why  
you know pain this is so over rated  
dont tell me i missed the war
