### "Keep The Light On"

We stumble into each other's lives and we knock some  
things over  
Try not to make a sound  
Each time you reach out, a new shout or shine-on  
We run in and fall out, fumble around for the key

I'll always keep the light on for you  
You try so hard to be alive  
What else can you do, but close your eyes  
You can't see the beautiful way when you're burning so  
bright

Your halfpenny eyes smile like a fire-sale  
Everyone's a suspect, the horses won't move up the rail

I'll always keep the light on for you  
You try so hard to be alive  
What else can you do, but close your eyes  
You can't see the beautiful way when you're burning so  
bright

Your sadness, a thief, waits in the hallway  
With mail on the floor and two birds in the chimney

I'll always keep the light on for you  
You try so hard to be alive  
What else can you do, but close your eyes  
You can't see the beautiful way when you're burning so  
bright

I'll always keep the light on for you  
You try so hard to be alive  
What else can you do, but close your eyes  
You can't see the beautiful way when you're burning so  
bright  
So bright  
Burning so bright
