Yo we was talking earlier and I was telling you talking  
bout life  
I feel like life is like braided hair  
Its sorta like twist you know  
Bout braided hair like twist  
You know three strands twist together  
Ultimately you get to where you wanna get to

From the same dirt from the heels of my ancestors  
The naked roads and the fields where the pain  
festered  
And I wonder where the hold came from  
In the deeps of my heart make me yearn for the drum  
It's the same place where the cross is burned  
The same place where the loss was earned  
It's the place where the floss was yearned  
Gold teeth and bling ice on the ring baby sure

We've all got things that hang at the back  
Things that make us cool,  
Things that make us whack,  
Things that make us mad  
Things we wish we never had done  
But they're just the things that make us real  
Not the maps to guide where we go from here

The road twists and braids our hair  
Until we all get there

I like that I don't know some mysteries  
Ancient things and beginnings  
Excited about the day when I don't have to hear all the  
theories  
My scalp needs some grease  
It's the same place where the crosses burned  
The same place where the loss was earned  
The only way we all can learn  
Is if we have these braids with the twist and turns so

Walking in the race of life  
Looking for my own pace  
Not always wanting to but I have to

Sometimes feeling like I've bitten off much more than I  
could chew  
But the wind goes through my hair  
Lifts me up with ease not a crease  
Hair full of grease no weave embracing me  
It's you I see  
I am you and you are me I see yeah  
I am you and you are me I see

We might survive as brothers ye
