I loved you for a very long time,
all of those days and nights we left behind,
Hopefully we find back again and I'll
Blinded by the stars in your brown eyes
(ooo ooo ooo)

I loved you for a very long time,
all of those days and nights we left behind,
Hopefully we find back again and I'll
Blinded by the stars in your brown eyes

Footsteps made in soft wet sand, lights turn of but not
to scare,
The grass turns green and wet to, skies are slowly
turning blue,
People walk, pass me by, yellow shoes catches my eye,
Looks like they're here to stay

I loved you for a very long time,
all of those days and nights we left behind,
Hopefully we find back again and I'll
Blinded by the stars in your brown eyes
(ooo ooo ooo)

I loved you for a very long time,
all of those days and nights we left behind,
Hopefully we find back again and I'll
Blinded by the stars in your brown eyes

Life is going way to fast, hurry up or you'll be last
Keep running through these streets, take two steps
back and then leap
Strange things happen these days, feelings getting
misplaced
Give me a hint before you leave me, behind

Can't you just tell me what to do
I'm tired of chasing after you
I can't make those things undone
Can you here me?
Can you here me?
and she said...

I loved you for a very long time,
all of those days and nights we left behind,
Hopefully we find back again and I'll
Blinded by the stars in your brown eyes

(Repeat 'til end of the song)
