Everybody needs to belong somewhere
Life can feel so alone without someone who cares
And when life becomes something just to get through
That's when I'm glad that I belong to You

I belong to You
I belong to You
You're the one who will never let me down
Won't let me down
I belong to You
Lord, I belong to You

Sometimes life brings more pain than we can bare
alone
When hope is gone and I have no strength to stand on
my own
When nothing helps
There's nothing that I can do
You surround me and show me I belong to You

I belong to You
I belong to You
You're the one who will never let me down
Won't let me down
I belong to You

I belong to You (I belong to you)
I belong to You
You will never let me down
Won't let me down
I belong to You

When love is gone there's no arms to run to anymore
I'm all alone there's no one for me to live for
Letting go of the things I've always clung to
That's when I need to feel that I belong to You

I belong to You
I belong to You
You're the one who will never let me down (Never let
me down)

Won't let me down
I belong to You

I belong to You
I belong to You
You're the one who will never let me down
Won't let me down
I belong to You

I belong to You (Ooh)
I belong to You
