Turn up the car radio
We can be karaoke superstars
Doesn't matter what they think
When we're driving in my car
If we don't think about it.

Red rover, red rover, please let me come over
Who made you queen for a day
And us court to rule over?
Last to be chosen will be here, left over
Well it's all right, maybe it's all right, maybe it's...

I feel alone
I feel unseen
I feel marked down
I just get my keys.

And we can
Turn up the car radio
We can be karaoke superstars
Doesn't matter what they think
When we're driving in my car
If we don't think about it.

Red rover, red rover, I don't wanna come over
Cut me down to your size so you tower me over
It only works if I care, and if I don't, your reign's over
And it's all right, maybe it's all right, maybe it's...

I am alone
I am unleashed
I define myself
I just get my keys.

Turn up the car radio
We can be karaoke superstars
Doesn't matter what they think
When we're driving in my car
If we don't think about it.

Red rover, red rover, if you want then, come over

It's a no-critic car so there's no one to win over
Be your own superstar when the voting is over
And we're all right, baby, we're all right.
