you're building a case against me,  
prosecutor, judge and jury?  
we've had this conversation in your head  
because i wasn't there you made up what i said  
or what i would have said? you know me so well  
you've how i am and how i'm going to heaven knows  
we've never had this conversation  
should i be calling it a condemnation  
because your not listening to me

chorus:  
so[na na na na na]  
that's all i'm gonna say  
[na na na na na]  
you've made up you're mind anyways  
[na na na na na]  
there's nothing i can do  
so [na na na na na]  
coulddn't we be friends if not for you

i feel like the teacher from charlie brown  
all you hear is that wah wah wah sound  
maybe i'm a pokemon pikachu  
that's what comes out when i'm talking to you  
you're a crusader,you've made me your fight  
your superhero name is mr. right  
instead of trying to understand  
you tell all your friends how wrong i am  
you're not listening to me  
[chorus]

can't we be friends why does it  
end before a word is even heard  
i look at you, your attitude  
why can't you see that it's not me

oops, i did it again, i see  
the person i'm talking about is me  
assuming you're the enemy  
in the crosshairs of my verbal uzi  
no matter who wins,we both lose

no matter who starts,we both choose  
to keep it going on, and on and on...  
but lets start listening and see

chorus 2:

[la la la la la]

[la la la la la]

sorry that it got this way

[la la la la la]

next time i won't let it stew

[la la la la la]

couldn't we start over, me and you
