I am what i am
i'm super fortified hundred proof girl with a band
and im a velveteen rabbit made of steel with a plan
im not your seventeen girl but it's worth not of can
of worms, im not your beauty queen
im not the girl in glamour magazine
im not running for miss popularity
'cuz i won't be what i can't be
[chorus]

[chorus]
but i want to be real
i want to find out who i am
and i will find my way to heal
and i will find my voice my stand

i am who i am
I am woman hear me roar and i am salt i am sand
a million starfish stranded, landed, i'll throw back what
i can
i'll save the planet, change the world
i'll make a one girl stand
i've got better things to do that be shown off
i won't be the doll you'll lock up in a box
dont expect me to be anything i'm not
cuz i wont be what i can't be
[chorus]

approval is your sword
popularity your crown
but i'm not one of your subjects
you can't bring me down
you say i lose your approval if i'm not cool like you
well, here's a newsflash for you
i've got nothing to lose
your laughter is hollow because i don't care
you look down on me, but im not there
I've got nothing to prove and nothing to lose
nothing to prove and nothing to lose
[chorus]
