Daydreaming fazes time goes by  
That's what happens when you get high  
Head's always cloudy, words is lies  
Daydreaming fazes, ahh yes I

Daydreaming fazes, life elevated  
Chilling in the back of the school gettin faded  
I blaze all hell with the skaters all day  
Feelin' the rage with the blood on stage

Too many posers fucking with my business  
Soaking up my 'fluence can I get a witness  
Seven days deep in a smoked out haze  
i rolled the T but danny's in a daze

Smoke...don't fight it, I watch your eyes  
Surrounded by abuse and our boy is getting high  
Presidential lies, keep on wondering why  
We got the beat...WE DONT LIE!

Lost in the world of distrust and greed, there's no time  
to blink,so we plant our seeds, got no time to Drink  
Always do what's real, speak what we feel, and pass  
the (J!)

You know, shit hasnt changed, daddy got game  
Need to try and contain from the truth and refrain  
If you don't know I'm gonna let it be known, Im still in  
the penetration zone  
That's some whole other shit, and I hold my own  
im the kind of guy that stays homegrown

Daydreaming fazes, time goes by  
That's what happens when you get high  
Head's always cloudy, words is lies  
Daydreaming fazes, ahh yes I

What a long strange trip it's been  
Sipping life from a jack daniels bottle of sin  
Daydreaming fazes walls caving in  
What a long strange trip it's been

Life goes fast, like a blunt it don't last  
Like flash to the past on the porch outside  
Thinking of old times, sitting around getting high  
Daydreaming fazes, time goes by
