

Who, The "905"

Mother was an incubator
Father was the contents
of a test tube in the ice box
In the factory of birth

My name is 905,
And I've just become alive
I'm the newest populator
Of the planet we call Earth

In suspended animation
My childhood passed me by
If I speak without emotion
Then you know the reason why

Knowledge of the universe
Was fed into my mind
As my adolescent body
Left its puberty behind

And everything I know is what I need to know
And everything I do's been done before
Every sentence in my head
Someone else has said
At each end of my life is an open door

Automatically defrosted
When manhood came on time
I became a man
I left the "ice school" behind

Now I'm to begin
The life that I'm assigned
A life that's been used before
A thousand times

I have a feeling deep inside
That somethin' is missing
It's a feeling in my soul
And I can't help wishing

That one day I'll discover
That we're living a lie
And I'll tell the whole world
The reason why

Well, until then, everything I know is what I need to
know
And everything I do's been done before
Every sentence in my head
Someone else has said
At each end of my life is an open door
