A beach is a place where a man can feel  
He's the only soul in the world that's real  
But I see a face coming through the haze  
I remember him from those crazy days  
Crazy days, crazy days

Ain't you the guy who used to set the paces  
Rising up in front of a hundred faces  
I don't suppose you would remember me  
But I used to follow you back in '63

I got a good job and I'm newly born  
You should see me dressed up in my uniform  
I work in a hotel all gilt a flash  
Remember the gaff where the doors we smashed

Bellboy, I gotta get running now  
Bellboy, keep my lip buttoned down  
Bellboy, carry this baggage out  
Bellboy, always running at someones bleedin' heel  
You know how I feel  
Always running at someones heel

Some nights I still sleep on the beach  
Remember when stars were in reach  
I wander in early to work  
Spend my day licking boots for my perks

A beach is a place where a man can feel  
He's the only soul in the world that's real  
But I see a face coming through the haze  
I remember him from those crazy days  
Crazy days, crazy days, crazy days, crazy days

Ain't you the guy who used to set the paces  
Rising up in front of a hundred faces  
I don't suppose you would remember me  
But I used to follow you back in '63

People often say that when you look in my eyes  
You can tell a lot from a life like mine

The secret to me isn't flown like a flag  
I carry it behind this bleedin' little badge what says

Bellboy, gotta get running now  
Bellboy, keep my lip buttoned now  
Bellboy, carry the bloody baggage out  
Bellboy, always running at someones heel  
You know how I feel  
Always running at someones heel
