

Who, The "Go To The Mirror"

He seems to be completely unreceptive
The tests I gave him showed no sense at all
His eyes react to light, the dials detect it
He hears but cannot answer to your call

See me, feel me, touch me, heal me
See me, feel me, touch me, heal me

There is no chance, no untried operation
All hope lies with him and none with me
Imagine through the shock of isolation
When he can suddenly hear and speak and see

See me, feel me, touch me, heal me
See me, feel me, touch me, heal me

His eyes can hear, his ears can see, his lips speak
All the time the needles flick and rock
No machine can give the kind of stimulation
Needed to remove his inner block

Go to the mirror boy
Go to the mirror boy

I often wonder what he is feeling
Has he ever heard a word I've said
Look at him in the mirror dreaming
What is happening in his head

Listening to you, I get the music
Gazing at you, I get the heat
Following you, I climb the mountain
I get excitement at your feet
Right behind you, I see the millions
On you, I see the glory
From you, I get opinions
From you, I get the story

What is happening in his head
Ooooh, I wish I knew
I wish I knew
