(Intro)

I'll tell ya fuckin' something!

Alright now listen

This fuckin' instant shut up, alright

Either sit down, or stand up

Or lay down or do somethin' but shut up! Alright

This is a fuckin' Rock n' Roll concert

Not a fuckin' tea party

Right!?

(End Intro)

(Song)

(Verse One)

I'm the face baby is that clear?

I'm the face baby is that clear?

I'm the face if ya want it

I'm the face if ya want it baby

All the others are first class tickets by me

Baby is that clear

(Verse Two)

I'm the big wheel baby

Won't you roll with me?

I'm the big wheel baby

Oh won't you roll with me?

Oh all the other are sweethearts

And they can hardly see

-Instrumental Break-

(Repeat Verse One)
