Your mama loves her brother
Her brother loves his lover
His lover is my cover
My one and only other, my angel

My angel, Trilby
Who said I will be
What I should still be
Genius would fill me, she loves Hime

Hime, hime

Only one Hime
No one on earth could ever blind me like this
Or even find me such bliss
If you were gone, you'd still be here

Only one Hime
Why can't they see that life excites me
This poets knights me, his family fights me
But he's still here

Only one Hime
Hime
