Can I just be something  
somewhere in your room  
that you won't notice  
maybe I'll be paper  
or books thrown on your floor  
move me when you want to  
I'll live where you put me in your VCR  
If I become a cassette  
Or on top of your computer  
if that's where I would fit  
then so be it  
but things can't be perfect  
all the time  
that I know  
sometimes we just have to let some things go  
I will not say one word  
I'll just hang around  
I won't annoy you at all  
when you move out I'll stay  
until I'm thrown away  
but then it won't matter  
things can be perfect  
all the time  
that I know  
sometimes we just have to let some things go  
because things can't be perfect  
all the time  
that I know  
sometimes we just have to let some things go  
I promise to stop now to stop now  
I promise to stop now to stop now  
but things can't be perfect  
all the time  
that I know  
some times we just have to let some things go  
things can't be perfect  
all the time  
that I know  
sometimes we just have to let some things go  
letting go is my life I'll be on my way
