Tonight, at twelve, we change ourselves  
Forget, this world, we know

Transparent we'll be invisible so they won't see  
Our hearts beat we won't hurt a thing  
We just want to haunt this house at least for now

Watch us change, kill the light  
Phantoms now dead tonight

You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear  
You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear  
I'll disappear

We'll stay in this room sit still and enjoy the calm  
We've become, we'll fall down the stairs  
Nothing can support us now we're not here

Watch us change, kill the light  
Phantoms now dead tonight

You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear  
You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear

I'll disappear  
We're not here  
I'll disappear

You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear  
You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear

You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear  
You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear

You'll be a ghost, I'll be your dream  
You'll float through me, I'll disappear  
You'll be a ghost, I'll be your dream  
You'll float through me, I'll understand
