Kids at play,  
Underneath the light of day.  
There's something in the way that you look,  
They're never going to expect what's in store for them.  
And I recall, you were just a new born soul,  
Tanning in the open sky.  
How could I ever expect what you did to me.

I've watched you change from spring to winter.  
Watched the sun drown out of the sky like it never was  
there.

Now that you vanished,  
Now that you vanished.  
I see you the best;  
What is that supposed to mean?  
Now that you vanished,  
Now that you vanished.  
I see you the best;  
What is that supposed to mean?

Kids at play,  
Soaking up the light of day.  
Grab your toys and run away,  
It's never gonna be what you dreamed about.

I've watched you change from spring to winter.  
Watched the sun drown out of the sky like it never was  
there.

Now that you vanished,  
Now that you vanished.  
I see you the best;  
What is that supposed to mean?  
Now that you vanished,  
Now that you vanished.  
I see you the best;  
What is that supposed to mean?

Now that you vanished,  
Now that you vanished.  
I see you the best;

What is that supposed to mean?  
Now that you vanished,  
Now that you vanished.  
I see you the best;  
What is that supposed to mean?

What is that supposed to mean?
