Remember two years ago  
When you broke down and cried to me  
About how you couldn't be alone  
How you needed me next to you

You made me promise on your tears  
To never let you be without  
My voice inside your ears  
Well, I found my way back

You'll never be alone again  
Isn't that what you want?  
No, you'll never be alone again  
I am right here with you

I know you feel me next to you  
You can't shake me off  
You can't shake me off this time around  
You're trying hard to kill the truth  
So stop plying around, stop playing around  
You know you're not alone

Remember when I was here  
I tried to be as thick as the world  
You called me out just to see  
If I could be real enough

To never take your heart from you  
And leave it all alone  
I came back down to stay with you  
Even if you don't know

I know you feel me next to you  
You can't shake me off  
You can't shake me off this time around  
You're trying hard to kill the truth  
So stop playing around, stop playing around  
You know you're not alone

I tried, my heart doesn't beat  
There's no ground under my feet  
I am floating over your bed now

I'll be the voice in the dark

The freezing cold in your heart  
That you thought died away with me  
But I'll be right next to you  
You'll never be alone again

'Cause I'll be right next to you  
You'll never be alone again  
No, you'll never be alone again  
I am right here with you

I know you feel me next to you  
(So stop playing dumb)  
You can't shake me off  
You can't shake me off this time around

You're trying hard to kill the truth  
(I am right here with you)  
So stop plying around, stop playing around  
You know you're not alone  
I know you feel me next to you
