Holding my breath walking alone with you
I get to hear your voice again
If this is a dream maybe you'll stay with me
Stay with me, please stay with me

This is where we met
We're back here again

Don't leave me alone
Don't leave me alone
I can't stand the way the world feels
When I'm walking alone

Don't leave me alone
Don't leave me alone
I can't stand the way the world feels
When I'm walking alone

Can you please keep talking to me now
Tell me all about your new friends
And don't think I can't hear you now
I'm listening, I'm listening

And this is where we met
We're back here again
(Back here, back here again)

Don't leave me alone
Don't leave me alone
I can't stand the way the world feels
When I'm walking alone

Don't leave me alone
Don't leave me alone
I can't stand the way the world feels
When I'm walking alone

Love seems like a mess
When it won't let go of me
When it's gone I don't feel
When it's gone I don't feel alive

Love seems like a mess
When it won't let go of me
When it's gone I don't feel
When it's gone I don't feel alive

Don't leave me alone
(Don't leave me alone)
Don't leave me alone
(Don't leave me alone)
I can't stand the way the world feels
When I'm walking alone

Don't leave me alone
(Don't leave me alone)
Don't leave me alone
(Don't leave me alone)
I can't stand the way the world feels
When I'm walking alone

Love seems like a mess
When it won't let go of me
When it's gone I don't feel
When it's gone I don't feel alive
When it's gone I don't feel alive
