You, you what keeps my love alive, forever you will be
in my life.

To please me and hold me tight until the day I die.

You, you are what my heart beats for, take my hand
and don't let me go.

Squeeze it tight and hold it close.

I won't let you go .

Cause my feelings said so much to me girl.

In all that was said was true.

Cause when I think of love, to me that words means
you.

(CHORUS)

Oh don't let me go girl.

(Don't let me go girl)

Stay in my arms forever darling.

I can't live without your love girl.

(Can't live without your love)

As long as we can be together I love you more and
more.

(Don't let me go)

Cannot live without your love.

I was wrong for not believing in you.

Foolish of me for not letting you know that I love you
until the day I die.

Believe me I will try girl I can't never let you go.

You mean so much to my heart, cause without you is so
hard to live.

So please don't let me go, cause my feelings said so
much to me girl.

All that was said was true.

Cause when I think of love, to me that word means you.

(REPEAT CHORUS)
