He's all dressed up
Buying flowers for the first time
His pick-up's polished
Shining like a new dime
There ain't no doubt he's got a secret
Ain't no way he's gonna keep it
Listen how the whole town's talking
They're all saying
Jimmy's got a girlfriend
We all know where he's been
Hugging and kissing
Oh Jimmy's got a girlfriend
He's all tore up
From her loving and affection
And a boy's night out
These days it's just out of the question
They say he's out there and they don't get it
But that's just love and that boy's in it
Cupid's arrow's done been shot
He didn't duck now
Jimmy's got a girlfriend
We all know where he's been
Hugging and kissing
Oh Jimmy's got a girlfriend
Lovestruck
Starry eyed
No if's or maybe's
That boy's gone girl crazy
Girl crazy, crazy
Jimmy's got a girlfriend
We all know where he's been
Hugging and kissing
Oh Jimmy's got a girlfriend
They say he's out there and they don't get it
Jimmy's got a girlfriend
Hey that's love, oh sweet love
Jimmy's got a girlfriend
He's got the girl, he's got the girl
Jimmy's got a girlfriend
