Here we are 'neath the stars  
It's just me and you  
What are we gonna do  
Where's this gonna lead  
You say it's time  
To define how we feel about it  
I know without a doubt  
It's crystal clear to me

That one of us is in love  
One heart knows it's true  
I will wait forever  
To spend eternity with you  
Every night and day  
I'll get on my knees  
And pray if I must  
That more than  
One of us is in love

Now you know hear and soul's  
How I need you  
I just wanna please you  
Please don't be afraid  
Love isn't played  
Love is made so remember  
Girl if you surrender  
And take that leap of faith

Oh one of us is in love  
One heart knows it's true  
I will wait forever  
To spend eternity with you  
Every night and day  
I'll get on my knees  
And pray if I must  
That more than  
One of us is in love
