I didn't mean to get this close
It feels too right
And I'll think straighter tomorrow
If I don't hold you tonight
I realize it's time for me to go
But it seems only fair to let you know.

Of all the things I've wanted to do and never done
You'd be the one.
And if you want to know how close I'd ever come
You'd be the one.

Looking at it honestly
I guess I knew
I opened up this door
But I can't let you walk through
I have too much to lose if I fall
But if it means anything at all.

Of all the things I've wanted to do and never done
You'd be the one.
And if you want to know how close I'd ever come
You'd be the one.

--- Instrumental ---

I wear this ring to tell the world I love one man
But you and I almost got out of hand.

Of all the things I've wanted to do and never done
You'd be the one.
And if you want to know how close I'd ever come
You'd be the one.

Of all the things I've wanted to do and never done
You'd be the one.
And if you want to know how close I'd ever come
You'd be the one...
