if i was to sit beside you,
i wouldnt know what to say,
i did everything you wanted to,
why do you treat me this way.
i took you places you wanna go,
i even called you on the phone,
you said tonight would be the one..
when i call your not even home.
tell me more...
did i want you to treat me this way?
tell me more...
please, the reason is, i dont really wanna stay.
you give me ancy promises,
wich that you dont spend to keep.

i give you trust and confidence,
you give me doubt and sleep.
tell me more.
did i want you to treat me this way?
tell me more.
or do you read my lips "im not here to stay"
i know you've heard this song before,
you dont want this.
it will get you a self guided say
"im not gonna...miss.....this chance"
tell me more.
did i want you to treat me this way?
tell me more.
please, relax, i dont really wanna stay.
