If I can take you by the hands I'd lead you to the ocean
Maybe the waves could wash away the pain
I could see how something like a simple emotion
Can almost make you go insane
I don't think I've got the right words to say it
Or make you feel okayeah

I get confused by this loss of emotions
You know there's no one to blame

CHORUS

'Cuz we both know
We both know
Love don't live here anymore
Can't find a way to change the way I'm feeling
Maybe tomorrow brings a different day
We could see forever if our hearts were willing
But deep down inside we're both still miles apart

Chorus

Now I laying on my bed smokin
This hollow room gets so damn lonely
I wanna reach you in my arm
but we both know

Chorus
