No, I can't believe that it's true
After all we've been through
You say that there's somebody new
Hey, what did you feel when we kissed
Tell me, was there something that I missed
Never thought it would end up like this

Chorus:
So goodbye, baby say goodbye
I know it won't be easy
'Cause you need me
A victim of love (2x)

And I don't know what I'm to do

Chorus

They say all is fair in love
But sometimes enough is enough
Losing at love is so rough
Hey, they said you were my friend
That true love is without an end
Tell me, do broken hearts ever mend

This is the last time
I'll never hurt again

Chorus
Say goodbye bye boy

Chorus
Victim of love
Stop

Better say goodbye
Say goodbye
I'll never hurt again
Whoa, a victim of love
I don't know what to do

Goodbye, baby say goodbye

I know it won't be easy
'Cause you need me
I was a victim of love
And I'll never hurt again
Victim of love

I thought that you and I were different
The way you made me feel
In your arms, the sweet words you whisper
Seem to be so real
But now it's time to turn and walk away
Sometimes dreams come true
But not for me my love
But maybe for you

Goodbye
