\* bonus track

[Vast Aire]

I know cats are on some shit  
But we about to elevate right now  
Bout to scream Phoenix. . .

[Vordul]

Mega, Allah's stars seen only afar  
The physical of ma chosen, my craft is balls  
We rebels righteous, and stand and scowl in the  
heightness  
Rep life, graf artists and ghetto writers united  
Starvin' with one table and no mic  
And still get it on bombin' and flow nice  
Spit vomit and throw dice  
Taking chances with life trying to get by  
And stop all the time trying to get high  
Gotta clear mind and stay focused, avoid serpents  
And worship life, we like merchants  
Street peasants with these lessons  
Live, build, and pass away, and keep stressin'  
Thinking how we gonna master days  
With passion, that's why we rap this way  
From Manhattan 115 to 135  
We pigeons became phoenix with open mind  
To open yours, flow the raw innovative  
Phoenix

[chorus]

so when you see me shine light (better scream  
phoenix)  
the god locked in a cell (scream phoenix)  
moms can't post bail (you gotta scream phoenix)  
JÃ©sus on a crucifix (scream phoenix)  
JÃ©sus on a crucifix (scream phoenix)  
JÃ©sus on a crucifix

[Vast Aire]

Yo, birds of the same flock together  
Congested on a majestic \* cuts off \* no! no! no!  
My feathers and flames are one skin  
Hallowed be Thy name in the beginning there was no  
sin  
We in the ninth inning, and I'm God body trying to win  
Flying against the wind  
But now my shell is weightless and fireproof  
But the truth is I'm proof of living fire  
I'm not made of organics, not even wires  
Just felt my body light up and heard the choir  
See to the common fowl the phoenix is Sire  
Most high of all things to ever have wings  
Existence is struggle, resistance is futile  
Meanwhile we now possess the power of ten suns  
To transcend and elevate into one  
Famine, disease and senseless dieing is done  
Pigeon bird got a breath left  
Heart beat no more  
Phoenix bird morph and we live off the G-force

[chorus]

scream phoenix  
the god locked in a cell (scream phoenix)  
moms can't post bail (scream phoenix)  
JÃ©sus on the crucifix (scream phoenix)
