(Don Schlitz - Janis Gill)

Oh, you never talk sweet the way you used to do
Oh, you never whisper in my ear I love you
Oh, it's been so long, could it be that the feeling's gone
Oh, you never talk sweet, oh, you never talk sweet
Yeah, you never talk sweet the way you used to.

Oh, you never take me for a drive in the moonlight
Oh, you never take me in your arms and hold me so
tight
Oh, when the stars shine bright you're sittin' in the TV
light
Oh, you never talk sweet, oh, you never talk sweet
Yeah, you never talk sweet the way you used to.

I'm not saying that it always has to feel like the first
time
I'm not asking for any big deal, show me a sign you're
still mine.

--- Instrumental ---

Come on it's not too late, make believe that it's our first
date
Oh, and you can talk real sweet, oh, you never talk
sweet
Yeah, you never talk sweet the way you used to...
