I'm back with a new track

This ain't fiction it's fact

I made the rules that will make you wanna groove

That'll make you wanna prove my moves are all that

Dance till you feel like I feel now

Grab your girl and just move that's how

Now is the time, now is the year

And this is the world premiere!

(Chorus)

Freedom, freedom, free!

Freedom, freedom, free!

It's time for a release, a piece of this here

Style is what I'm giving to say the least

I'm the beast from the east

And all your small talk cease

Just dance to my expertise

I did it before and I'm a do it once more

Or I'll die on the dance floor

So when you wave your hands you beter come for the
kill

Cause when I dance I'm ill

No rules allowed no holds are barred

Just dance till you wet your pants and that's hard

Like Bobby Brown I'm on my own

And I'm b-b-b-b-bad to the bone

(Repeat Chorus)

Break it down for me brother!

1, 2, one more is three

Here we go you wanna flow, join with me

Wave your hands in the air

From side to side and chill, yeah that's ill

My rhyme vernacular, spectacular

Manufacturer smooth as Dracula

I'm on a mission full of ambition

In competition condition, call me a dancetition

Stomp till you shake your rump, ya little chump

Move a little bit or I'm gonna bump

There's no shame to claim the fame that I became

So everybody scream that name

(Repeat Chorus)

(Radio Verse)

Freedom, freedom, free - I hear the voice of (x6
