We enjoy the day
We are soon to be

Step aside we're coming through
Step aside we call to you
A feeling

They came openly
They are here to stay
And I feel like a lion
Alive in a grave
I've got to do something
Or I'll always be safe
Step aside ...

Into you heart - watching it fade away
A feeling
Taking the chance you've waited for
This is the one we're asking for
A feeling
Into you heart watching it fade away
A feeling
