--

They say that life is always changing
And love comes and goes
Wherever time may finally take us
Oh, heaven only knows

People can go apart
Lately you seem so far
Maybe the sun sets every day
But don't slip away

You are my everything
You are my dreams come true
Oh, baby, how I love you
You are my everything
Wherever life may take us through
I don't want to lose you

I wake up early in the morning
And I watch you sleep
I pray for all the lies between us
Yes, I do
May time safely keep

Without the day that comes
With every setting sun
Don't let the dark take a stop
Don't let our dreams touch the ground

You are my everything
You are my dreams come true
Oh, baby, how I love you
You are my everything
Wherever life may take us through
I don't want to lose you

The road of life may twist and turn
There's so many bridges to cross

Don't let your love be lost

You are my everything
Oh, you're my dream come true
You are my everything
Wherever life may take us through
I don't want to lose you

No, no, I don't want to lose you

Ooooh
