--

I saw you go high above, autumn clouds
Blinded my eyes when the sparks grew bigger than
your lies
You're concealed but still so wonderful, so magical
Blinded my forehead, say can I see if it's me

So cold, so cold
But meet me there, alone and spared

Cause I'm driving one of your cars, ooooh
I'm driving one of your cars, ooooh
I'm driving one of your cars, ooooh
I'm driving one of your cars
