Fire starts in my mind  
I see her for the first time.  
Fire melts to ice  
She looks at me  
With clear blue eyes.

I try to talk but  
I can't speak,  
I try to run but  
I'm so weak.  
The way she is  
Comes crashing down on me.

Broken and bruised  
I am thrown back onto shore  
I am flooding  
And I want some more.

And knowing well that  
I won't swim  
I slip off my high shoes  
And dive back in.

Do you know that  
I am drowning in you?  
And I will not stop,  
Not for a breath.  
Every moment with you  
I won't lose,  
And I won't stop  
Till there's nothing left  
Of me.

Don't throw me  
A vest or floatie  
Cuz I won't need one  
Where I'm going.  
Or toss me a  
Safety line,  
Cuz I'll be drowning  
For all the time.

Do you know that  
I am drowning in you?  
And I will not stop,  
Not for a breath.  
Every moment with you  
I won't lose,  
And I won't stop  
Till there's nothing left,  
Just you.

So don't make me dream  
Through this trial  
Just say that I can have you all,  
And you will fill me up,  
Overflow this empty cup.

You will overflow  
Sitting there lost and I'll watch you grow.
