"Back Broke"

Back broke and dancing 'cause you're here beside me
'Cause you're here
'Cause you're here
Here with me

Back broke and happy 'cause you're near
'Cause you're near
Nearer to me

I came on your command
Don't give me false hope
I'm back by big demand
Don't give me false hope

Back broke and smiling 'cause it's clear
'Cause it's clear you still want me

I came on your command
Don't give me false hope
We're back by big demand
Don't give us false hope

Back broke and crying 'cause it's near
'Cause it's near our pardon
