"High Horses"

There's a light inside us all
It only shines as bright as we are
And you've fallen down so low
I'm really worried for you
I'm really worried

And even on our worst days we were never quite like
this
No
We've gone as far as we can go without crashing
No

At the heart of every fool is the hope you're stupid too
And there's this lingering
This lingering feeling that I'm missing something
I feel like I'm missing something

And even at your worst babe
You were never as bad as this
You've gone as far as you can go without dying
