"Lies"

I think it's time we give it up
And figure out what's stopping us from breathing easy
And talking straight

The way is clear if you're ready now
The volunteer is slowing down and taking time to save himself

The little cracks
They escalated
And before you know it is too late for making circles
and telling lies

You're moving too fast for me and I can't keep up with you
Maybe if you slowed down for me I could see you're only telling lies
Lies
Lies
Breaking us down with your lies
Lies
Lies
When will you learn

The little cracks
They escalated
And before you knew it was too late for making circles
and telling lies

You're moving too fast for me and I can't keep up with you
Maybe if you slowed down for me I could see you're only telling lies
Lies
Lies
Breaking us down with your lies
Lies
Lies
When will you learn

So plant the thought and watch it grow

Wind it up and let it go
