I wanna sit you down and talk  
I wanna pull back the veils and find out what it is I've  
done wrong  
I wanna tear these curtains down  
I want you to meet me somewhere tonight in this old  
tourist town  
And we'll go

Low rising  
'Cause we've gotta come up  
We've gotta come up  
Low rising  
Yeah  
'Cause there's no further for us to fall  
Low rising  
'Cause I fear we've had enough and we're low rising  
Oh  
For the love of you

I wanna take you to the rock  
I wanna jump right in and see what that big ocean's got  
I wanna turn this thing around  
I wanna drink with you all night 'til we both fall down  
'Til we go

Low rising  
'Cause we've gotta come up  
We've gotta come up  
Low rising  
'Cause there's no further for us to fall  
Low rising  
'Til I fear we've had enough and we're low rising  
Oh  
For the love of you

Low rising

Low rising  
'Cause we've gotta come up  
We've gotta come up  
Low rising

'Til I fear we've had enough  
Low rising  
'Cause there's no further for us to fall low rising  
Oh  
For the love of you

Oh  
For the love of you  
For the love of you  
Low rising

I wanna sit you down and talk  
I wanna sit you down and talk about it

Oh  
La la la  
La la la  
La la la la

Yeah  
Oh  
Oh
