Give me one more word  
I'm drowning in the wind  
Give me one more chance  
Give me one more chance  
I'll calm you in the wind

Ooh is there some place I see  
Where I know it's hard to reach but I keep trying  
Ooh and if I walk before I speak  
We may not ever meet in these times  
In these times

Everywhere I'll be, every place I see  
Left with nothing but the wheel  
Left with nothing but the wheel  
Everywhere I'll be, every place I see  
Nothing but the wheel  
Left with nothing but the wheel
