Paper cup  
Ain't got no worries  
Got no  
Got no dog in this fight  
Paper plane  
Take this note straight to her if her heart's still in the  
fight

Maybe time will decide  
This restless spirit can't survive on breadcrumb trails  
no more

Paper saint  
Will you hear her when she calls  
You got no dog in this fight  
Paper bird  
Take this offering from her hands  
This simple trail back to the light

Maybe time will provide  
Give you the strength to decide  
I hope it's not too late

Maybe time will decide  
This restless spirit can't survive one breadcrumb trails  
no more

Maybe time will provide  
Give you the strength to decide  
You know it's not too late

Paper cup  
Ain't got no worries  
Got no  
Got no dog in this fight
