I'm on my way to better things
Your definition states that they're not here
I'm on my way to bigger things
I guess you wouldn't know since you're not here

It's not the friends you thought you had
Or your location on a map
It's what you feel in here

I'm on my way to better things
It's not the first time, not the last time
I'm on my way to better things
I wish you well, I'll be just fine

If I stay around, I can feel alright
But I know there's something else out there for me

Home is where you make it
I'm not afraid to say it
