"Make A Wish"

I wish I had a magic wand
To make wishes all come true
Help our troubled world along
Time to come to its rescue
Make a wish, make a wish
Make it come true
Make a wish, make a wish
Your dreams pursue
It starts with me and you
No more walls to seperate
No more laws to segregate
Enough food under the sun
Homes and hope for everyone
Make a wish, make a wish
Make it come true
Make a wish, make a wish
Your dreams pursue
It starts with me and you
Finding cures for all disease
Forests growing back the trees
Clean air for us to breathe

Purify our lakes and seas

Make a wish, make a wish

Make it come true

Make a wish, make a wish

Your dreams pursue

It starts with me and you

One big global village

Floating out in space

We are all connected

We're the human race

Racial peace, equality

Say goodbye to bigotry

Crimes and violence disappear

Love replaces hate and fear

Make a wish, make a wish

Make it come true

Make a wish, make a wish

Your dreams pursue

It starts with me and you

Finding cures for all disease

Forests growing back the trees

Help this world along

To make wishes all come true

wo wo wo yeah yeah

yeah yeah yeah yeah yeah yeah yeah

WO WO WO
