"Ill Be Satisfied"

Just a kiss, just a smile

Hold my hand, baby

Just once in a while.

That's all need, that's all I need

And I'll be satisfied!

Think of me when you're away

Call me darling

Just once a day

That's all need, that's all I need

And I'll be satisfied!

True love came to me when I met you

True love makes me know I won't forget you

When you're around me, it makes me feel

Life is worth living, baby, love is so forgiving
