Don't wear a ratchet in your pocket
Don't let it cause you to go to jail
Please take a fellow bredren's advice
Drop it, leave it at home

You don't make it, so don't take it
Who feels it knows it
The ratchet won't do you no good

Don't let the ratchet find you guilty
Or else the judge you've got to face
So take a fellow bredren's advice
Drop it, leave it at home

Don't take it with you
Oh, no
Don't take it with you
No, no, no

You don't make it, so don't take it
Who feels it knows it
The ratchet won't do you no good

Don't let the ratchet find you guilty
Or else the judge you've got to face
So take a fellow bredren's advice
Drop it, leave it at home

Will you drop it, will you leave it at home?...
