Oh yeah
Here and now

I would like to know, what the man a deal with

Not every dreadlocks you see, yeah
Is a true-hearted rastaman
Not all who say "I" no, no, no, no
Give praises unto Selassie I

Some dread just playing dreadful
Some seeking attraction I say

So I would like to know, what the man a deal with, yeah
I would like to know, what the man a deal with

Some dread is dread in the daytime
A baldhead ??? night times
Some walk and cry for peace, peace, peace
In their heart is pure war, so

I would like to know, what the man a deal with
??? wolf in sheep clothing
I would like to know, what the man a deal with
???

Yeah

You see a man's face, yeah
You never see his heart, oh no
You see a man's face, yeah, yeah, yeah, yeah
???

So I would like to know, what the man a deal with
I would like to know, what the man a deal with
Yeah

Not every dreadlocks you see, yeah
Is a true-hearted rastaman
Not all who ??? I say
Give praises unto Selassie I

I would like to know, what the man a deal with
Yeah, yeah, yeah
I would like to know, what the man a deal with
Yeah

Not every dreadlocks you see, yeah
Is a true-hearted rastaman
Not all who ??? no, no, no, no
Give praises unto Selassie I

Some dread just playing dreadful
Some seeking attraction I say

So I would like to know, what the man a deal with
You seem to be a conman

I would like to know, what the man a deal with
Who you gonna speak to

I would like to know, what the man a deal with
Show me you credentials

I would like to know, what the man a deal with
??? credentials

I would like to know, what the man a deal with
Who you gonna speak to

What the man a deal with
Who you gonna see

What the man a deal with
Here and now, here and now...
