My life is so hard.
And maybe even your's
Everyone loves to fight
Have sex with whores
In the middle of night

Chorus:
The cops bust in and it starts a blitz
I'm hoping I get in all the hits
I want the cops to get the s*its
The cops start hitting, they scratch there pits
All I wanted is to suck some t*ts

My life really sucks
Nothing goes my way
I know I want it to
Eating hay
Is all I am aloud to do

My life is f*cked
Nothing is good to me
Can't you see?
I hope I wont die
Poke a fork in the cops eye

The cops bust in and it starts a blitz
I'm hoping I get in all the hits
I want the cops to get the s*its
The cops start hitting, they scratch there pits
All I wanted is to suck some t*ts

My life is crap
Everybody is sad
I hope they don't get mad
And learn to love me
And laugh in glee

My life is a blitz
I don't want a war
Don't need a sore
Please knock on my door

And pay for my whore

The cops bust in and it starts a blitz
I'm hoping I get in all the hits
I want the cops to get the s*its
The cops start hitting, they scratch there pits
All I wanted is to suck some t*ts

The cops bust in and it starts a blitz
I'm hoping I get in all the hits
I want the cops to get the s*its
The cops start hitting, they scratch there pits
All I wanted is to suck some t*ts

It's a blitz
Suck some t*ts
It's a blitz
Suck some t*ts

The cops bust in and it starts a blitz
I'm hoping I get in all the hits
I want the cops to get the s*its
The cops start hitting, they scratch there pits
All I wanted is to suck some t*ts
